PRO-BRITISH CHARGE GETS WILSON ANGRY

"You and Other Disloyal
Americans Would Mortify
Me With Your Vote" Says
President, His Dander Up.

"THIS FOR YOU AND
ALL YOUR FRIENDS"

President Also Wants Hughes
to Declare Himself on 8-
Hour Day, Tariff Mexico,
and Other Issues.

(By Review Leased Wire.)

LONG BRANCH, N. J., Sept. 29.—President Wilson made it plain today that he wants no "disloyal" Americans to vote for him. He expressed indignation at a telegram from Jeremiah A. O'Leary, of New York, the president of the American Truth Society, accusing him of being pro-British and saying he had failed to obtain compliance with American rights.

The President sent Mr. O'Leary a short telegram which officials indicated Mr. Wilson had desired to put in stronger language. His message follows:

Doesn't Want Their Vote.
"Your telegram received. I would feel deeply mortified to have you or anybody like you vote for me. Since you have access to many disloyal Americans and I have not, I will ask you to convey this message to them."

This to a President.
Mr. O'Leary's telegram, given out by the President, follows:

"Again we meet you with a popular disapproval of your pro-British policies. Last year from the twenty-third New York congressional district and now from your own state and from the voters of your party. Senator Marine won because the voters of New Jersey do not want any trucking to the British empire nor do they approve of dictatorship over congress."

Pro-British?
"Your foreign policies, your failure to secure compliance with all American rights, your leniency with the British empire, your approval of war loans, the American tariff are issues in this campaign. Do you know that William S. Bennett, a Republican congressman, ran in the Democratic primaries in the twenty-third New York congressional district and polled 36 per cent of the total Democratic vote against his regular Democratic opponent? Anglo-manics and British interest may control newspapers, but they don't control votes. The people may be readers, but they are not followers of the newspapers."

"When, Sir, will you respond to these evidences of popular disapproval of your policies, by action? The Martine election and Bennett vote prove you have lost support among the Democrats."

"Every vote for Martine was a vote against you as was every Democratic vote that went for Mr. Bennett in the Democratic primaries in the twenty-third congressional district."

To Speak Today.
The President's attitude toward the campaign and toward some of the issues before the country were made known here today. It was learned that in his speech at Shadow Lawn tomorrow and in subsequent addresses he intends to state definitely why he seeks another term.

Following is an authoritative summary of his campaign attitude:

Wont Get Personal.
"The President will adhere strictly to his decision not to enter into personalities or into a political controversy with Charles E. Hughes. All the speeches he will make away from Shadow Lawn will be delivered to non-partisan organizations and will be devoted entirely to a discussion of public questions. By inference they will have a political effect."

His speeches here, however, will be more political in tone. Tomorrow he will tell why he thinks young men should vote the Democratic ticket."

Mr. Hughes, Please Answer.
"American voters are entitled to know, he believes, what Republicans would do in Mexico, what attitude they would take toward belligerent nations in Europe, whether they would repeal the federal reserve act, the tariff law, the rural credits act, the tariff commission bill, the 8 hour

FOOTBALL, BASEBALL AT WARREN TOMORROW.

Warren Park will stage its opening football game and its last baseball game of the season tomorrow.
At 10 a. m., the C. & A. football squad meets the First Cavalry team from Naco. At 2:30 p. m. the C. & A. and the Junction All-Star baseball teams will play their last game for the championship of the Warren District. Honors so far have been even, with four victories each against the other. Tomorrow's game will end the argument.
The gridiron is in shape, the goal posts up, the ground has been chalked. All is ready for the shrill whistle that will start the football warriors against each other tomorrow morning.

GOODBYE HORSES BISBEE BUYS TWO FIRE TRUCKS

Big La France Engines, Cost-
ing \$6000 Each, Will Make
Bisbee Best Protected Town
in Arizona.

TRUCKS TO ARRIVE
WITHIN 4 MONTHS

Each Will Throw 1000 Gal-
lons a Minute and Pump
Water if Needed—Marks
Victory in Long Fight.

Two six-cylinder, one hundred and five horse power combination truck and chemical wagons, with auxiliary pumps, were purchased last evening by the city of Bisbee from the American La France Fire Engine Company, Inc., of Elmira, New York. The contract, to be signed by both parties within the next few days, calls for an expenditure of \$12,000. Thomas Baird represented the fire engine company in the bidding.

The purchase of two motor trucks last evening is the culmination of more than two years of constant work on the part of the council, the fire chief and all of those who favor greater efficiency, at a reduced expense, in the fighting of fire. With the ever-increasing need for speed, for a reduction of upkeep, while apparatus is not in use, the motor truck has come into general use. On every side of Bisbee citizens have seen the need of such apparatus and this community is the last to fall in line. Tucson, Douglas, Nogales, Phoenix, and several other towns are equipped with them.

Bisbee, with the arrival of the pair purchased last evening, will be the better protected, proportionately, than any city in the state.

According to the specifications and bid proposal each truck will cost the city \$6,000. This includes every detail of construction, the latest and proved models of apparatus for the most efficient fire fighting and a guarantee with the machines that protects them against faulty workmanship and material as long as they may be in use. The city has budgeted \$5,000 for this purpose and, it is understood, the balance of the payments will be made in three years.

The motor of the trucks, purchased, is a six cylinder affair, four cycle, 5 1/2 inch bore and 6 inch stroke, making 105 horse power. The cylinders are cast in pairs. The turning radius of the entire machine, which has a wheel base of 155 3/4 inches, is twenty two feet, making it capable of easy handling in the narrow streets and alleys of the city of Bisbee. The chemical equipment consists of a forty gallon tank, with reel, 200 feet of chemical hose, nozzles, wrenches, etc. Pumping equipment, which is for use when pressure is low, will consist of an apparatus, designed and made by the American La France Company, capable of pumping 1000 gallons of water per minute, 250 gallons through each of four hoses.

With the apparatus the selling company sends an installing engineer who will stay on the ground until such time as the local men are fully capable of handling every part of the machinery. One of the machines will take the place of the horse-drawn wagon at the city hall and the other will supplant that in Upper Tombstone Canyon. According to Baird, the representative of the company, the trucks can reasonably be expected in Bisbee in about four months' time.

Arizona Democrats Upheld Policies of President Wilson

(By Review Leased Wire.)

PHOENIX, Sept. 29.—Unqualifiedly endorsing President Wilson, Governor Hunt, the Arizona delegation in congress and all the policies of both the national and state Democratic administrations, the Democratic state platform was adopted this afternoon by the state party council. The platform is one of the longest on record.

The platform points with glowing terms to the administration of President Wilson, commends his international policies and commends him for passing the Adamson bill, the farm loan bill and other popular Democratic measures.

Prohibition, woman suffrage and good roads are endorsed, while the workmen's compensation law to be voted on this fall, the "negative conservation policy of Republicanism" and legislation redistricting are commended.

LYNCH 2 NEGROES BY OKLAHOMA CHURCH

Eloquent Pleas of Methodist
Pastor Win for a Moment,
But Mob Later Finishes
Fiendish Act.

(By Review Leased Wire.)

NOWATA, Okla., Sept. 29.—Two negroes, accused of being implicated in the killing of Deputy Sheriff James Gibson, during a jail delivery here today, were taken from jail by a mob tonight and lynched in front of the court house.

It was only a few minutes after the negroes had gained their freedom that a mob bent on vengeance was in close pursuit. Two of the negroes took refuge in a house in the outskirts of Nowata, where they were surrounded and re-arrested. The third negro apparently made good his escape. One of the re-arrested negroes, John Foreman, alleged to have been the man who killed Gibson, was wounded when taken into custody and was not molested.

But the unwounded negro was seized by the mob, which had grown to large proportions and a parade began through the principal streets with the negro screaming for mercy. When the mob reached the Methodist church a large tree with outspreading branches offered the opportunity which the rope around the negro's neck suggested.

"Let's lynch the nigger on holy ground," shouted some one in the crowd. The prisoner was swung clear of the ground and was being choked to death when Mr. H. Pearce, a member of the church, stepped into the paragonage by the negro's screams, he rushed from the house into the midst of the crowd and began his pleading for the doomed man's life. The mob paused in its work to hear what the minister had to say.

"Men, I beseech you in the name of God not to desecrate this holy ground," pleaded Mr. Pearce, "do not stain the name of our city by going into this terrible affair."

With voice quivering with emotion and earnestness he demanded that the law be allowed to take its course. Five minutes the pastor spoke along these lines, until one of the mob leaders, turning to his fellows, said:

"Men, Mr. Pearce is right. Take the nigger back to jail and let the law take its course."

The mob, sobered by the impassioned words of the pastor, and the assumption of leadership taken by one

Rained On Their Last Night In Camp, D. D. Guards Leave Warren District Today, Perhaps Forever

Early this morning the District of Columbia field hospital and Battery B will set forth for Douglas, bidding Camp Greenway and the Warren District farewell, it is believed. Their signal corps company alone will remain, only to depart Wednesday in company with the New Jersey company from Douglas, for Nogales.

From appearance no other soldiers are expected at Warren. The Twenty-second battery and other regimental properties, left standing after the regiment's departure two weeks ago, are being torn down, and nothing will remain to remind the district there ever

N. Y. STILL WAITS FOR PROMISED STRIKE

In Meanwhile Car Service Im-
proves, Many Unions Vote
to Return to Work, and No
Others Quit Their Jobs.

GENERAL STRIKE NOW
DEEMED IMPROBABLE

Ferry Boat Men Quit Action
Not Related to Carmen's
Troubles—Sixteen Hurt by
Streetcar Collision.

(By Review Leased Wire.)

NEW YORK, Sept. 29.—Ferry boats of the New York Central Railroad Company, plying between Manhattan and New Jersey were tied up during the rush hours late today by a strike of 150 employees on the boats. The latest labor difficulty in this city resulted from the men's demand for shorter hours and higher pay. The strike has no connection, it is said, with the traction situation.

Thousands of commuters gathered at the Manhattan ferry stations of the company, the crowds overflowing the ferry houses into the streets, where a heavy rain was falling. Not until the police reserves were called out did the commuters abandon their demand for boats. They left the city for their home in New Jersey over roundabout routes.

Strike Talk Lessens
Probability of a general sympathetic strike in aid of the employees who quit their places on September 6 lessened tonight with the announcement that a local brewery workers' union, whose 900 members struck in response to the call of the conference of labor leaders, had voted to return to work.

Officials of the union issued a statement in which it was said developments proved that organized labor "will not act in concert in behalf of the carmen."

Organization of subway and elevated road motormen will continue, according to the statement made today by L. G. Griffith, third assistant grand chief of the Brotherhood of Locomotive Engineers, in charge of the work in this city.

The Amalgamated Association of Street and Electric Railway Employees today took steps to distribute strike benefits among the striking car men. It was announced by James H. Fahey, general counsel of the association.

16 Injured
Sixteen persons were injured, one seriously, in a rear end collision between two surface cars in the Bronx this afternoon. One car was standing still when the other, said to have been operated by strike breakers, crashed into it. The motorman of the rear car jumped from his post, it is said, and disappeared.

Marked improvement in surface car traffic was reported today.

"WIDE AWAKE" CLUB IS
FORMED FOR HUGHES

(By Review Leased Wire.)

NEW YORK, Sept. 29.—The organization of the "Hughes Wide Awake" club, patterned after clubs formed in the campaign of 1860 to aid Lincoln's candidacy, was announced here today. The organization plans call for bands of forty men in each county of every state where there is a Hughes alliance.

Germans Resume Act of Abusing America For Neutrality

(By Review Leased Wire.)

BERLIN, Sept. 29.—Immediately on the heels of the utterances of the imperial chancellor in the Reichstag concerning the submarine campaign, the afternoon newspapers generally print strong criticism of the neutrality of the United States based on the news of the death of the American aviator Kiffin Rockwell and the presence of other American aviators on the western front.

They connect this evidence of American sympathy for the entente allies, and the supplying of war munitions by firms in the United States as an indication of the utility of concessions to the American standpoint with regard to submarines. They declare that these facts show how American respect for neutrality is vanishing and how America is misusing the present form of submarine warfare to cover the participation of American concerns in the war on the side of the entente allies.

RIFLE TEAM OF BISBEE MAY GET TRIP

Any Twelve Men Shooting 90
on Range Tomorrow, May
Be Sent to National Shoot
in Florida October 11.

Quick action by the Bisbee rifle club has brought a favorable reply from Adjutant General Harris stating he will recommend a Bisbee team of 12 men to represent Arizona at the national shoot in Florida next month, upon one provision. That is, that at least twelve men shoot an average of 90 over the different ranges.

R. A. Clappitt, to whom the adjutant general gave these assurances yesterday, announced the team will be selected from those shooting on the range Sunday, tomorrow. This is necessary, as the time is short and is in accordance with General Harris' suggestions.

Twenty shots must be fired at rapid fire at 200 yards, twenty slow fire each at 600 and 1000 yards. The firing must average ninety of a possible 100. The range will be open all day tomorrow, and all are urged to try for the team. Springfield will be used in the Florida meet, which opens October 11, and lasts about fifteen days.

Clappitt advises all to bring their lunch, as the shooting will be an all day affair.

WASHINGTON COAL MINERS
TO STRIKE TONIGHT

(By Review Leased Wire.)

SEATTLE, Sept. 29.—Suspension of work tomorrow night by all coal miners in Washington belonging to the United Mine Workers of America, was ordered today by the district convention. The suspension was ordered to permit a referendum vote of the miners on the counter proposition submitted by the operators to the miners' demand for a five percent flat wage increase.

BRITISH THINK SPEECH OF
HOLLWEG SIGN OF WEAKENING

LONDON, Sept. 30.—All the newspapers devote a major part of their editorial space to a discussion of the speech of the imperial chancellor von Bethmann-Hollweg in the Reichstag, contrasting its mild tone with former utterances. The editorials all assert that aside from the attacks on England, the chancellor said little that was new and perhaps disappointed those who wished to make peace overtures.

MILLION AND HALF FOR DEMOCRATIC RACE.

NEW YORK, Sept. 29.—A fund of \$1,500,000 gold will be required to conduct the Democratic national campaign, according to a statement made here tonight by Henry Morgenthau, treasurer of the national campaign committee. He declared New York was expected to contribute about one third of this amount, which exceeds by about \$400,000 the sum spent in the 1912 campaign.
As an example of the increased cost of the present campaign, Mr. Morgenthau said that the printing bill alone would be three times as much as it was in 1912 because of the increased price of paper. He announced that contributions thus far received exceeded by 65 per cent those which had been sent in up to the same time in 1912.
There have been several contributions of \$10,000 each but only three of more than that amount, he said.

IS BREMEN SUNK? LIFE SAVER IS FOUND OFF MAINE

Fate of German "Sub".

(By Review Leased Wire.)

NEW LONDON, Conn., Sept. 29.—No submarine has been seen in the waters adjacent to New London at a late hour tonight. Officials of the Eastern Forwarding Company and the T. A. Scott Wrecking Company, claimed they had no knowledge of the early approach of a German submarine.

NEW LONDON WAITS
IN VAIN FOR "SUB"

No Knowledge of Approaching
Under Sea Freighter Is
Acknowledged by German
Agents—May be a Joke.

(By Review Leased Wire.)

PORTLAND, Me., Sept. 29.—A life preserver marked "Bremen," the name of the German submarine freighter which has been generally expected to arrive at some Atlantic coast port for the past week or more, was picked up on the ocean side of Cape Elizabeth today.

The name "Bremen" was stenciled in black letters two inches high on both sides of the buoy. On one side of the canvas covering was printed a small crown. Over this were the words "Shutz-Marke" meaning patented, or trade mark. Beneath are the words, "Vepping-Hoven, Wilhelmshaven." This indicated, apparently, the name of the maker.

The preserver seemed to be new and apparently had not been in the water a great length of time. It was stenciled with oil. An officer of the coast guard cutter service who examined the buoy said that if the preserver had been thrown overboard by someone who thought to play a practical joke, he had done a very good job.

The preserver was well made and the lettering and the ink were of the best quality.
The buoy was picked up at a small place known as Maiden Cove, by a 10 year old lad, Frederick L. Takeman of Westbrook. A number of other persons were nearby at the time and saw the boy pick up the object from the beach near the water's edge. The buoy later was taken to a newspaper office where it was photographed and examined by many seafaring men.

NEW LONDON, Conn., Sept. 29.—Officials of the Eastern Forwarding Company, among them an American agent for the German line of the submarine merchantmen, were undisturbed tonight over the report that a life preserver had been picked up off the Maine coast. When asked if the preserver might have belonged to the long expected submarine, Captain F. Hinch said:

"Impossible." He added that it was unlikely that the Bremen's preservers would be marked in the manner of the one found.

It is significant the government press treats coldly what the chancellor said about the intrigues against himself.
The Vorwarts, urging the feelings of anti-bellies expressed distinct dissatisfaction over the speech, which it says leaves no prospects for shortening the war, but leaves everything obscured and foggy.

FAITH LIVES IN GERMANY SAYS CROWN PRINCE

Unshaken by Onslaughts By
Allies, we Know They Can-
not Break Our Line" De-
clares Bavarian Officer.

"ALLIES FIND NUT
TOO HARD TO CRACK"

Heir to Throne Sees Another
Year of World Struggle Be-
fore Allies Are Exhausted.
Sees Ultimate Victory.

(By Review Leased Wire.)

BERLIN, Sept. 29.—The latest fighting on the Somme evidently has not shaken the confidence of German military leaders in their ability to prevent the breach of their line. The Berliner Tageblatt's special war correspondent interviewed Crown Prince Rupprecht of Bavaria, commander of the German forces on the Somme, Tuesday.

The Crown Prince is quoted as saying that since the offensive began the Entente allies had gained some ground, but there could be no thought of this decisively changing the situation.

Ready For Anything
"It is impossible to predict how things will go hereafter," said Prince Rupprecht, "but one thing is certain namely, that we have every thing so thoroughly prepared that we are able to contemplate the situation with composure. The offensive will certainly not reach an early end."

Expect Long Offensive

"We can reckon upon an offensive of great persistence and with heavy attacks, accompanied by an enormous expenditure of ammunition. But we have taken precautions. Our artillery has been reinforced and likewise our aeroplane corps and our fliers have had fine success in the last few days, although they have had hard fighting against increased numbers. Our artillery derives advantage from the successful work of the aeroplanes, and to observation balloons."

Another Year Forecast

"Our troops have been striking with the utmost strength and the enemy has found the nut too hard to crack. It is my distinct opinion that the enemy is trying to force a decision at this spot and during this year, and he has not yet succeeded. He will have to put up with a winter campaign and continue his fighting next year."

REVIVAL OF "SUB" WARFARE SEEN IN HOLLWEG'S SPEECH

(By Review Leased Wire.)

BERLIN, Sept. 29.—The speech of Dr. von Bethmann-Hollweg, the imperial chancellor, in the Reichstag, met with a mixed reception in the newspapers, the feeling being variously expressed that he placed such restraint on himself that his utterances lacked definiteness.

The Conservatives, for example, ask pointedly whether his sharp words against England and his declaration that the statesman should be hanged who omits adopting every possible means to defeat Great Britain, signifies that Dr. von Bethmann-Hollweg is willing to resume submarine warfare.

The Conservatives also note that a number of points were untouched by the chancellor, which many of them wished to hear discussed. All the newspapers except the Vorwarts, are satisfied that the chancellor emphasized the statement that England is Germany's chief foe.

It is significant the government press treats coldly what the chancellor said about the intrigues against himself.

The Vorwarts, urging the feelings of anti-bellies expressed distinct dissatisfaction over the speech, which it says leaves no prospects for shortening the war, but leaves everything obscured and foggy.
